Art Camps

Club Pelican

At Club Pelican, science and art unite in one amazing camp! The Batiquitos Lagoon is a "natural" location for this unique camp in which campers learn first-hand the wonders of nature. Guided by an experienced naturalist, campers hike the lagoon's trails to explore the animal habitats, native birds and plants, insects and geology that reside there. Next, finding inspiration in the natural wonders they observe, campers will paint, draw, construct and create artworks of all kind. This fun-filled popular camp is held in partnership with the Batiquitos Lagoon Foundation. Due to the popularity of our program, we only allow one camp session per camper.
